

# GIVE PROGRAM

Get Into Volunteering Everyone

2021-2022

We are happy to get back to giving this year! While we may not be back to what a regular school year would look like, it's important to reintroduce the GIVE program. A lot of what we do at KCS runs with the help of volunteers like you! This year's program is outlined below.

With limited ability to have parent volunteers in the building due to York Region Public Health guidelines families will only need to do **20 hours** of volunteer time for the 2021-2022 school year.

✓ **Hours are to be completed by June 13, 2022**

Families that have completed their hours will have their GIVE cheques of \$750 returned to them in June. The balance for any incomplete hours will be calculated at \$25/hour.

**NEW! After completing a volunteer service submit your hours online!**

Please see the following page for some ideas on where you can start volunteering.
