

OPERATION DEBT REDUCTION

KCS, a non-profit Christian school, is reaching out in a time of need. 10 years ago, the decision was made to relocate from Holland Marsh and rebuild a new school with a goal to increase capacity while the demand for Christian based education was growing rapidly.

Since moving into the new school 9 years ago, the student population has increased 50%!

WE NEED YOUR HELP

We are approaching capacity and turning families away. Christian based education continues to be in high demand. The conversation around a renovation or addition has been started, but first we must take care of lowering our principal. In two years, interest went from 1.9% to 5.95%.

With your generosity, what's the future look like?

With \$1,000,000 raised, the interest only payment moves to an affordable level, allowing capital to once again be paid down, renovations to occur, all the while tuition remains constant.

For reasons mentioned below, donations are also down;

- Due to personal reasons, donation matching is no longer happening
- Existing business donors have closed or changed ownership
- Increase cost of living
- Some of our most generous donors have passed away

We ask for your help to make up for these lost donations, so KCS can continue to provide excellence in Christian education for future generations.
